INSTRUCTIONS

The decision you make regarding participation in the Reserve Component Survivor Benefit Plan is very important. A decision to decline coverage means you will not have another opportunity to select coverage until age 60. In the event you die prior to your 60th birthday, no survivor benefits will be paid. A decision to participate, that is to select either Option B or C, is permanent and cannot be changed unless authorized by law, such as the opportunity to terminate your participation during the period that is between your 62nd birthday and the day before you reach age 63 at which time you may elect to discontinue participation. Please review the program details carefully and consider the effects of your decision before making an election. You must submit this form within the 90-day period after being notified of eligibility for retired pay at age 60. If you do not submit this form as required, your election, if any, will be determined by law.

SECTION X - SPOUSE CONCURRENCE

Spouse concurrence and signature are required for an RCSBP election that does not provide for an immediate spouse annuity (Option C) based on full retired pay. **A NOTARY PUBLIC MUST WITNESS THE SPOUSE'S SIGNATURE.** The witness must not be a beneficiary of the member. In the event that concurrence is required, but not provided, RCSBP coverage will be established for an immediate spouse annuity based on full retired pay. NOTE: If the member selects Option A (declining to make an election until age 60), and the spouse concurs, no annuity will be payable if the member dies prior to reaching age 60. When the member reaches age 60, an SBP election for less than a full spouse annuity requires the member's spouse to concur. Electing Option B requires the beneficiary to wait until the member would have been age 60 before the annuity is payable, in the event the member dies prior to reaching age 60.

I hereby concur in my spouse's RCSBP election as indicated. I have read and understand the information that explains the options available and the effects of those options.
